

# HANDS-FREE DRIVING LAW

EFFECTIVE JULY 1, 2018

## Don't drive distracted

Holding your phone with any part of your body while driving is illegal. No dialing, texting, taking pictures/video, checking social media, etc.

## Practice good habits

Start you GPS or music on your phone before driving. This will keep you safe and compliant with the new law.

## Utilize Hands-Free Technology

When making and accepting calls always use hands-free technology like Bluetooth devices, earbuds, smart watch or speaker phone.

## Know the Consequences

Violators will receive citations and points added to their license. Citations can range from \$50 for first offense up to \$150 for repeat offenders.

#HANDSFREEGA

Using your phone to call 911 during an emergency is the only exception
